Edison Elementary School 2012-13 Annual Education Report

August 16, 2013

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2012-2013 educational progress for Edison Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Principal Erin Peyerck for assistance.

The AER is available for you to review electronically by visiting the following web site www.phasd.us or you may review a copy from the office at your child's school.

The state has identified some schools with the status of *reward*, *focus*, or *priority*. A *reward school* is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A *focus school* is one that has a large achievement gap in 30% of its student achievement scores. A *priority school* is one whose achievement and growth is in the lowest 5% of all schools in the state.

Our school has not been given one of these labels.

Pupil Assignment Process – 2012–13*

Students in the Port Huron Area School District were enrolled as follows: Elementary students were divided among 11 elementary schools serving grades K–5 at Cleveland, Crull, Edison, Garfield, Indian Woods, Keewahdin, Kimball, Lakeport, Michigamme, Roosevelt and Woodrow Wilson.

STATE BOARD OF EDUCATION

JOHN C. AUSTIN – PRESIDENT • CASANDRA E. ULBRICH – VICE PRESIDENT
NANCY DANHOF – SECRETARY • MARIANNE YARED MCGUIRE – TREASURER
RICHARD ZEILE – NASBE DELEGATE • KATHLEEN N. STRAUS
DANIEL VARNER • EILEEN LAPPIN WEISER

608 WEST ALLEGAN STREET • P.O. BOX 30008 • LANSING, MICHIGAN 48909

A Michigan School Readiness Program grant funded pre-school instruction for early childhood students in several elementary buildings.

Our District operated three middle schools serving 6th through 8th grades at Central, Fort Gratiot and Holland Woods.

Port Huron High School and Port Huron Northern High School served students in grades 9 through 12.

An alternative program and adult education were offered at the Harrison Center.

The Port Huron Area School District had a policy and process in place for both in-district and county/contiguous Schools of Choice requests. Copies of the policy and procedures were available throughout the District, in publications and at the administration building.

*This information was the same in the 2011-12 school year.

School Improvement 2012-13

The priority goal at Thomas Edison Elementary has been to increase student proficiency in all content areas through rigorous and relevant instruction and positive relationships within the school. The staff participated in a book study and collaborated to learn engagement strategies. Increased student engagement leading to higher achievement was evidenced through student data, staff surveys and classroom walk-throughs.

Thomas Edison has implemented a school-wide Positive Behavior Interventions and Supports plan this year. Students have been given direct instruction and opportunities for practicing our three behavior expectations: Be Respectful, Be Responsible, and Be Safe. Students are regularly recognized and rewarded for meeting those expectations in all areas of the school. Staff monitors student behavior through the School-Wide Information System (SWIS) and plans re-teaching lessons as needed. The behavior of Thomas Edison students has improved allowing for more instructional time in the classrooms resulting in increased student achievement.

We are excited to continue improving instruction at Thomas Edison Elementary. Science is a priority goal for the 2013-2014 school year. Through professional development and staff collaboration, teachers will incorporate scientific investigations and cross-curricular activities into classroom instruction. Teachers will be trained on note-taking strategies and this will be implemented with students across all content areas. Through analysis of student achievement data, staff will begin integrating more small-group instruction in Math and Reading. Implementation monitoring of new strategies will be conducted through administrator walk-throughs and lesson plan reviews.

School Improvement 2011-12

Thomas Edison Elementary continues to strive for excellence. Our priority goal is to

have all students actively engaged in rigorous and relevant learning experiences. Through professional development of our staff, data collection and successful practices we are addressing the learning needs of our students. We're working toward an increase in achievement levels for our students.

Our Thomas Edison staff is the consistent, knowledgeable foundation for our students. Their professionalism and collaboration for instructional planning focus the instruction needed for our students. They are successful.

We are continuing to work on improving relationships within our school community. Recognition of positive behaviors, student-directed sharing and school-wide awareness training are actions for implementation. The Port Huron Area School District is implementing an elementary School Wide Information System (SWIS). Through proper implementation of this system, Thomas Edison students will demonstrate appropriate behavior which will allow them to achieve academic success.

Thomas Edison has had a productive year. We're looking forward to the challenges and opportunities to improve next year.

Specialized Schools and Alternative Education*

The following programs are offered to PHASD students:

- St. Clair TEC offers countywide career and technical training to high school students.
- Woodland Developmental Center serves students with severe learning disabilities to age 26.

Core Curriculum 2012–13

The core academic curriculum is the foundation of the Port Huron Area School District's instructional program. It defines the outcomes to be achieved by all students and is based on the District's educational mission and goals. The District's purpose is to enable students to meet or exceed state requirements for achievement, with an ongoing emphasis that encourages academic excellence for all students.

Our curriculum is based on the Common Core State Standards approved by the State Board of Education. In addition, it has been developed and written by Port Huron Area School District teachers, administrators and consultants who specialize in curriculum development.

As part of the core instruction, ELA and math instructors have aligned and written curriculum to support and implement the Common Core State Standards. A balanced assessment system is also a core part of this movement. Measures of Academic Progress (MAP) testing from NWEA provides teachers with screening and diagnostic tools to dig deeper into reading, grammar, and mathematic deficiencies to give teachers more data with which to support their students.

Core Curriculum 2011-12

The core academic curriculum is the foundation of the Port Huron Area School District's instructional program. It defines the outcomes to be achieved by all students and is based on the District's educational mission and goals. The District's purpose is to enable students to meet or exceed state requirements for achievement, with an ongoing emphasis that encourages academic excellence for all students.

Our curriculum is based on the Michigan Curriculum Framework, Grade Level Content Expectations (GLCEs) and the Michigan Merit Curriculum (MMC) approved by the State Board of Education. In addition, it has been developed and written by Port Huron Area School District teachers, administrators and consultants who specialize in curriculum development.

In the 2012-13 school year, the middle school instructional staff will begin implementing Response to Intervention. As part of the core instruction, ELA and math instructors have aligned and written curriculum to support and implement the Common Core State Standards. A balanced assessment system is also a core part of this movement, Measures of Academic Progress (MAP) testing from NWEA will provide teachers with screening and diagnostic tools to dig deeper into reading, grammar and mathematic deficiencies to give teachers more data with which to support their students. This will be a part of the high school core curriculum in the 2013-14 school year.

2012-13 — 99%

2011-12 — 95%

A team effort and cooperation among teachers, parents, students, and support staff contributes to a successful learning experience for all students. We are proud of Thomas Edison School, our educational program and our students' achievements. Our students' MEAP scores surpassed local and state averages once again. Teachers prepare our students with 21st century skills by integrating technology into daily instruction through the interactive white boards, and iPads purchased by our PTA and a grant from Community Foundation.

Sincerely,

Erin Peyerk
